

# Plumbing

## Academic Planning Guide

### Plumbing Diploma

The Plumbing program prepares students to begin a career in plumbing and pipefitting at the apprentice level with a plumbing contractor. Coursework provides students with the technical understanding and basic skills development in safety, plumbing

codes, material identification, tool usage, piping procedures, blueprint interpretation, and design and installation of plumbing systems.

#### First Semester

PLBG1000	Iron & Steel Pipe Procedures	2
PLBG1005	Introduction to Plumbing & Safety	2
PLBG1011	Blueprint Reading & Estimating I	3
PLBG1020	Copper Pipe Procedures	2
PLBG1025	Plastic Pipe Procedures	2
PLBG1031	Plumbing Calculations I	3
PLBG1036	Minnesota State Plumbing Code I	4
		<b>Total Credits 18</b>

#### Second Semester

PLBG1041	Plumbing Systems Design	3
PLBG1045	Minnesota State Plumbing Code II	3
PLBG1050	Plumbing Systems Installation	3
PLBG1060	Plumbing Calculations II	3
PLBG1065	Blueprint Reading & Estimating II	3
PLBG1070	Plumbing Service & Repair	3
		<b>Total Credits 18</b>
		<b>Total Credits 36</b>

# Plan Your Path to Stay on Track

Success doesn't happen by accident—it starts with a plan! Whether you're working toward a diploma, certificate, or degree, understanding which courses to take and when to take them can save you time, money, and stress.

By staying organized and proactive, you'll move forward with confidence, avoid last-minute surprises, and stay on track for graduation. One of the best tools to help you map out your path is your Degree Audit Report (DARS).

## Your Personal Academic Checklist

DARS takes the guesswork out of course planning. It gives you a clear snapshot of your progress and shows which classes are still required for your program.

## Why Check DARS?

Planning your class schedule is much easier when you know what is left to take! Checking your DARS report can help you:

- ✓ Avoid registering for the wrong courses
- ✓ Make steady progress toward your degree or diploma
- ✓ Stay on track for graduation and avoid surprises

## How to Access Your DARS Audit

Checking your DARS only takes a few clicks!

- 1 Log into eServices with your StarID and password
- 2 Go to the Academic Records section
- 3 Click on Degree Audit Report (DARS)
- 4 Review your audit to see what is complete and what is still required

## Plan Ahead for Success

It is smart to review your DARS every semester—especially before registration opens. If you are not sure which classes to take next, your DARS is a great place to start. You can also bring it to your academic advising appointment to build a plan that fits your goals and schedule.

## Your degree. Your plan. Your future.

DARS helps you take the right steps, at the right time. Check your DARS often so you can register with confidence and graduate on time!

The screenshot shows the Hennepin Technical College eServices interface. At the top, the college logo and 'eServices' text are visible. Below this, there are two main columns. The left column is titled 'Student e-services' and contains a list of menu items: Dashboard, Home, Account Management, Courses & Registration, and Academic Records. The right column is titled 'Academic Records' and contains three links: Degree Audit, Unofficial Transcripts, and Check Grades.
